EDUCATION

Capital City University (CCU)- 1994 to 1995
123 Anywhere St., Any City
Masters of Science (Geology)

Capital City University (CCU)- 1990 to 1993
123 Anywhere St., Any City
Bachelor of Science (Earth Sciences)

EXPERIENCE

A Decent Mining Company

Chief Geologist / December 2019 to date

- Proactively develop and manage exploration strategy, plans, and budgets to ensure mining schedule is achieved at all times.
- Manage field geological mapping, drill-hole logging, stream sediment, soil, and rock-chip geochemical sampling and geophysical programs.
- Review and communicate geological understanding of ore bodies in conjunction with the Geology Manager and other Geoscientists to relevant teams and managers
- Mentor and support the professional development of the team.
- Overseeing geological grade control processes to ensure a high standard of QAQC is maintained.
- Implement strategies to maximise and identify new opportunities for both operations.
- Review mine plan approvals, ensuring mine geology processes comply with the requirements of the approved mine plan

A Good Mining Company

Geologist / September 2013 - November 2019

International Mining Company

Project Geologist / January 1999 - March 2013

- Managed and executed a variety of exploration projects, including Project A in Country A, Project B in Country B and Project C in Country C.
- Prepared project budgets and schedules.
- Assisted the exploration teams to follow project plans as required.
- Co-ordinate the underground drill sites for exploratory and grade control drilling programs and supervise drilling/mining contractors where applicable.
- Schedule, plan and implement grade control, resource extension and exploratory drilling programs using diamond drilling methods.
- Contribute to organisational effectiveness through assisting in the development of the departmental business plan

Out and About Mining Company

Exploration Geologist / March 1998 - May 1999

- Provided reserves estimates for existing fields and exploration prospects.
- Recommended appropriate work programs, including drilling, and geological studies to management.
- Managed daily operations of up to 5 drill rigs at a time and an exploration team of up to 15 people.
- Supervised sampling of diamond drilling programs to quality targets.
- Ensured that all activities are carried out to the highest standard of safety.

A Small Mining Company

Hydrogeologist / November 1995 - December 1997

A Huge Mining Company

Junior Geologist (Internship)/ December 1993 -
February 1994

SKILLS

Leapfrog GEO	
Vulcan	
QGIS	
GDAL	
Computer-Aided Design (CAD)	
Microsoft Word	
Microsoft Excel	
Microsoft Powerpoint	
Microsoft Access	
SQL syntax	
English language	
Spanish language	

CERTIFICATES & LICENSES

- National Manual Vehicle Drivers License (car)
- Member of the Society of Economic Geologists, ID: XXXXXX
- Active Member of AusIMM since 1998.

INTERESTS

- Hiking
- Fishing
- Rock climbing
- Reading
